The Internet is full of fascinating places to find information, check out your favorite companies and stores, look for deals, read the news, and much more. However, people don't read information on the web in the same way that they read a printed newspaper, magazine, or a book. As writers, we have to be very aware of how people approach a web page so that we can create interesting and engaging content. This course is for people who write for readers on the web.
