A staff retreat can evoke some pretty strong emotions. Dread of a week hanging around with people you would never invite home for dinner. Queasy thinking about throwing yourself backwards hoping your 'new friends' will catch you. However, staff retreats still continue even in hard times. Why? Many of the things we really need to get done take longer than the two hours you have in meeting time. As well, the retreat itself can bring about a change in approach not possible sitting in your boardroom for a meeting. This one-day course will give you tools to be able to create staff retreats that are successful and help to bolster productivity, sales and positive workplace culture.
